Delegate
Soboba Band of
Luiseno Indians

Dear Sirs/Madams,

The Native American Training & Services Program (NATS), of the Inter-Tribal Council of CA, Inc., is inviting you to attend a Regional Training to help “Strengthen the Relationship in Tribal Communities”, in regards to the needs of Native American victims of family/domestic violence and /or sexual assault in your communities.

The Riverside Regional meeting will take place on October 25-26, 2010 at the UC Riverside Palm Desert Graduate Center at 75080 Frank Sinatra Drive, Palm Desert, CA 92211. This two day session will begin at 8:00am and conclude at 5:00pm. ITCC will provide a continental breakfast, lunch and refreshments.

The purpose of this session is to provide Cultural Competency, specifically for victim service providers, which may include programs such as health clinics, law enforcement and social service providers within the Riverside county area. This project was supported by funding awarded by Grant #1R09011798 through the California Emergency Management Agency (Cal EMA).

The curriculum is designed to enhance and strengthen relationships with tribal communities and non-tribal victim service providers.

Those who are encouraged to attend: Administration and staff from local victim service providers, such as domestic violence, rape crisis and shelter programs, government agencies, Indian Health Services, spiritual and faith based, law enforcement, housing, legal advocacy, education, child care and social service programs.

Connie Reitman-Solas, Executive Director

Tami L. Tejada, Program Coordinator
